

About Our Service Staff...

All of the service staff members at Daniels Energy take pride in their craftsmanship and ability to get the job done right the first time! Our service staff members are all trained at state approved heating and air conditioning schools, and then licensed by the state, and all are fully insured. Daniels technicians will arrive at your home neatly dressed, clean, and in a marked Daniels Energy service vehicle. Our staff

members have the highest respect for your personal property, and can be trusted to act properly and courteously when in your home. This is something Daniels Energy takes very seriously. As always, we welcome your questions and suggestions so we can continue to improve our services. We encourage you to write or call us any time you have a question concerning your heating or cooling needs.

Labor is included to replace listed parts during normal business hours. A discount for after hours calls will apply. Full Terms and Conditions are below.

As some of your neighbors will tell you, Daniels can help you replace that older, inefficient AC system and install a new Energy Efficient and Energy saving ducted or ductless system.

Ask us about flexible, dependable financing plans.

Daniels Energy Terms & Conditions of Residential Air Conditioning Maintenance Plans

- Holders of a Central Air Conditioning Maintenance Plan must call to schedule their Annual AC Tune Up between April and June. AC Tune ups are done during our normal working hours, (M-F 8 am to 3:30 pm).
- Coverage for parts is limited to the listed parts only. Any part or service not listed is not covered by these plans, and offered at our standard list pricing less any applicable discounts.
- We reserve the right to inspect and approve equipment before extending coverage. Any pre-existing conditions are not covered by these plans. Any work performed prior to approval of plan can not be credited.
- The Company shall not be responsible for any service or repair resulting from conditions beyond its control (such as strikes, war, flood, hurricane, power failure, carelessness or negligence on the part of customer, inability to secure technicians or parts, acts of God or any other cause outside of its control).
- Customer is responsible to make sure switches are "turned on," thermostat set below room temperature, and circuit breakers are "turned on" before calling for service.
- Refrigeration piping and connections are not covered. Condensate piping is not covered, nor is water or consequential damage.
- This plan runs for one year from date of purchase. Plan must be paid in full prior to services being performed. These Plans are not refundable. Plans subject to change without notice.
- The Company shall not be responsible for repair or replacement of obsolete or unavailable parts or equipment no longer manufactured. Replacement of equipment because of unavailability of parts is the customer's responsibility.
- Unless the customer, at least 30 days prior to contract anniversary date of each year, notifies the Company in writing of its desire to terminate these Plans on such date, these Plans shall renew themselves as of contract anniversary date of each year. The Company shall have the right to cancel these Plans without any liability when issued in error.
